The Government have instituted a scheme for the award of scholarships to the students of the Sainik School, Amaravathinagar, and also to the students of this State studying in the Sainik schools in other States from the State funds at various rates with reference to the income of the parents or guardians of the students. Scholarships will also be available to the students of other States studying in the Sainik School at Amaravathinagar whose parents are employed continuously in this State for a minimum period of three years as on the 1st of January of the year of admission of those students in the school. They also direct that scholarship be awarded at full rates on the basis of merit to students who obtain the first rank in their respective standards in the open competition in the entrance examination for admission to the schools as an incentive, irrespective of the income of their parents or guardians.

2. The maximum number of scholarships has been fixed at 62 per cent of the total strength of students on rolls of the Sainik School at Amaravathinagar. This maximum limit will be inclusive of the scholarships awarded to students of this State studying in the Sainik schools in other States and also those awarded on the basis of merit. The scholarships will be awarded on the basis of merit-cum-means. Normally, all eligible candidates will be awarded scholarships within this ceiling. However, if the number of eligible candidates exceeds 62 per cent of the actual strength of the Sainik School, scholarships will be granted to various standards in the school in the same proportion as the number of new students admitted in each standard bears to the number of new students admitted in the school, the number being fixed at the nearest whole number for each standard.
